

RED CROSS SEALS TO BE SOLD NOV. 28

Headquarters in Chamber of
Commerce Rooms—Six Sta-
tions to Sell Them.

The annual sale of Red Cross Christmas seals will begin Friday, November 28, according to an announcement made by the committee today. The stamp headquarters will be in the Chamber of Commerce rooms, on F street, with branch stations at the American Trust and Security Company, Dulles & Martin, Woodward & Lothrop, Falala Royal, Kann's, and the postoffice.

A volunteer corps of 15 young women will sell the stamps, under the direction of the committee. Mrs. J. J. Boardman, Mrs. W. K. Ellis, and Mrs. T. N. McLaughlin, secretary of the District of Columbia chapter of the Red Cross, will be in charge. The sale will be open each day from 9:30 to 11:30 a. m. The proceeds of the sale of seals in the District will be devoted exclusively to the maintenance of the Day Camp, at Fourteenth and Upshur streets.

This camp, established five or six years ago, is open every summer for patients regardless of age or color. Because of the warm weather the camp will remain open until Thanksgiving Day, when a big turkey dinner will be served to the fifty patients, mostly youngsters. The District Red Cross Chapter pays \$1,000 a year for nurses salaries. Teachers are also provided if the camp remains open after the regular school term begins, and in many cases carfare is furnished.

"We hope to raise \$4,000 this year," said Mrs. McLaughlin. "In other cities the sale of the seals is under the auspices of the anti-tuberculosis societies, even though the idea originated in the Red Cross. But we are the only chapter in the country which has retained the work. I wish it could be impressed upon the minds of Washingtonians that every cent taken in from the sale of the seals is expended right here in the District."

The new seal is of an artistic design, containing a picture of Santa Claus with eight reindeer. A red border with tiny crosses and a scroll inscription "Merry Christmas, 1913," at the bottom, and a similar design with "American Red Cross" at the top completes the design. The seal is smaller than some of those of previous years, being about the same size and shape as the exhibition stamps issued by the Government.

MRS. WILSON HELPS PLAGUE FIGHTERS

Sends Flowers to Bazaar Given
to Raise Fund Treat-
ment of Consumptives.

Washington's white plague fighters, the members of the Starbuck Aid for Consumptives, opened their annual two days' bazaar in the big ball room of the Raleigh Hotel at noon today. Officials say that the society needs \$2,000 to carry on its work this year. A liberal pile of silver is mounting up at the bazaar, and will go into this fund.

Fancy articles of all descriptions, flowers, candy, dolls, neckwear, and other articles that make the fair an excellent place to do a bit of Christmas shopping and to buy presents doubly blessed with Yuletide cheer and charity, are on sale.

Mrs. Woodrow Wilson, a member of the society, is sending flowers to the bazaar and the society has autographed pictures of the President for sale. There is also a mystery booth which is expected to draw chance from the pockets of patrons.

Each evening the feature will be a turkey dinner, served from 5 o'clock to 8 o'clock, and each evening dancing will be enjoyed from 9 o'clock until midnight.

The Starbuck Aid seeks to help those sufferers, either wholly or in part, who have been restored to health, by giving them treatment through lack of funds. Since its organization more than 200 consumptives have been helped in the aid of indigent consumptives in the District. It depends largely upon the annual bazaar and contributions for its funds.

Its officers are: President, Mrs. W. H. Sholer, first vice president, Mrs. A. F. Clark, Jr., second vice president, Mrs. A. M. McLaughlin; recording secretary, Mrs. W. W. Wirt; corresponding secretary, Mrs. J. M. Davenport; treasurer, Mrs. W. C. Fitch.

The bazaar will be in charge of the following women: Fancy table, Mrs. A. M. McLaughlin; apron table, Mrs. W. R. Myers; flower table, Mrs. Wallace Chiswell; cake table, Mrs. A. P. Mullett; candy table, Mrs. H. R. Howerston; doll table, Mrs. E. N. Janson; mystery table, Mrs. E. R. Metz; men's table, Mrs. George T. Rees; dinner, Mrs. Everett Partridge; dancing, Mrs. Flora Liver.

The need of a new municipal building for the District's unfortunates was made apparent to several members of the visiting committee of the women's welfare department of the National Civic Federation yesterday in the course of an inspection visit to the District jail.

Those who made the trip were Mrs. H. A. Peckham, national chairman of the Government employees' welfare committee, Mrs. John MacLaughlin, and Dr. Warren, of the Public Health Department.

"While we found that these institutions are as well kept as they can be under the existing conditions, and that a vast improvement has been made in them recently," said Mrs. MacLaughlin, "we were more than ever impressed with the lack of entirely new buildings for the care of the unfortunates."

"There is no place for the care of the feeble-minded or the insane who really should have hospital care except at the workhouse or jail."

Rev. Dr. Braskamp Will
Accept Church's Call

The Rev. Bernard Braskamp, at present assistant pastor of the Church of the Covenant, will accept the call of Gurley Memorial Presbyterian congregation when it is formally made at the meeting of the Presbytery December 1. The congregation decided to extend a call to the young pastor Wednesday night. Notice of this was forwarded to him informally and the church officials know that his acceptance will follow the formal call. He will remain with the Church of the Covenant however until a new assistant is found for the pastor.

When the kidneys are clogged up and inactive nature always warns you.

Backache is one of the first symptoms. You may also be troubled with disagreeable, annoying bladder or urinal disorders; have attacks of lumbago or rheumatism; become nervous, tired, or feel all worn out; puffy swellings show under the eyes, or in the feet and ankles; or the urine becomes light and pale, dark-colored or cloudy. If such symptoms are neglected, drops, diabetes or Bright's disease, which so often prove fatal, may result.

It is not only dangerous but needless for you to suffer and endure the tortures of these troubles, when a little Croxone will quickly and surely end all such misery.

There is no more effective remedy known for the prompt relief and cure of such troubles, because it cleans out the clogged up kidneys and makes them work properly. It soaks right in through the walls and linings; cleans out the little filtering cells and glands; neutralizes and dissolves the poisonous uric acid and waste matter, and makes the kidneys filter and sift the poisons from the blood and drive it out of the system.

This new scientific preparation, is entirely different from all other remedies. It is so quick-acting and effective that it is practically impossible to take it without feeling better in a single case.

An original package costs but a trifle, and all druggists are authorized to return the purchase price if Croxone should fail in a single case.

Three doses a day, for a few days, is often all that is ever needed to end the worst backache, relieve rheumatic pains or overcome sleep-disturbing urinary disorders.—Adv't.
